 <p>Ulu Temburong National Park</p>	<p>Proposed Itinerary:</p> <p>✧ An excellent tour for nature lovers or just to get away from the hustle and bustle of city life. The national park is 50,000 hectares of the pristine rainforest with one of the best biodiversity in the world. You will experience up close the wonders of the rainforest; listen to the orchestra of nature's music by the insects, birds, and animals. This tour is rated as a soft adventure and suitable for those reasonably fit as there are many steps to climb and some slippery, wet tracks and uphill hiking. The journey to the national park from Bandar Seri Begawan is itself interesting as you go on three different modes of transport and see the change in vegetation (plenty of photo opportunities). The trip departs B.S.B in the morning and we will proceed by public speedboat to Bangar town before we go overland to Batang Duri. At Batang Duri, we will ride on a longboat or temuai up the rapids to the national park. (Note: Timing is very important as any delay will have a ripple effect and it will cause bigger delays especially that we are on 3 modes of transport change. If you are late, we have a right not to wait for you).</p>		
 <p>Temburong River</p>	<p>✧ After registration and lunch, we will proceed for water activities which include guided kayaking trip between the Belalong River and the Two River Terrace. After kayaking, you will continue with tubing activity which starts from the registration jetty to the Outward Bound area. Trek for five minutes to the mini waterfall, swim and then return to the resort. A slide show about the resort and national park will be presented at Valley Café before dinner. All meals are specially prepared by us, which are based upon local favorites. After dinner, we will continue with a guided jungle walk.</p>		
 <p>Canopy Walk Bridge</p>	<p>✧ On day 2, morning call will be at 4.30am and after a light breakfast, proceed to the canopy walk for the sunrise view that literally takes your breath away. When the mist lifts, you will see birds flying out to feed and gibbons calling across the treetops. We will then return to the resort for breakfast and rest before heading to the mini waterfall where we can enjoy the fish massage as well as a jungle trekking back to the resort. Lunch will be served at 12.30pm before we return to Bandar Seri Begawan.</p>		
 <p>Forest Walk Path</p>	<p>What to bring along:</p> <p>Please bring along a set of dry clothes, footwear that you won't mind getting wet in (preferably sandal with strap), hiking shoe, swimwear, personal toiletries, raincoat, torch, binocular, hat, insect repellent and small backpacks for your luggage (no porter available). Bath and face towel, toilet roll and facial tissue are provided at the resort.</p>
